

### HP-Clamps galvanised

#### Field of application

- For simple fastening to bulb profiles of the ship's structure without welding

#### Advantages

- Using just a single screw connection with little time required for fixing in comparison to the conventional fastenings
- Direct, flexible fastening at any desired position on the bulb profile
- Subsequent fixing also possible after conclusion of the "hot work"
- Slip-resistant fastening to the bulb profile by means of a clamping screw with a lock nut
- Light-weight construction to meet the ever increasing demands in terms of weight reduction
- High load-bearing capacity of up to 4.5 kN

#### Features

For profile	Max. recommended load [N]	Tightening torque [Nm]
HP 80-120	4,500	15
HP 140-160		

For profile	Width B [mm]	Part no.	Sales unit	Pack unit
HP 80-120	43.0	159648	50	pieces
HP 140-160	52.5	159649
